Prologue 1

Section I:
Technological Literacy in Context 8
This section is designed to set the stage for an in-depth treatment of the concept of technological literacy and its implications for education and implementation.

Chapter 1
The Natures and Challenges of Technological Literacy .. 10
Ronald D. Todd

Chapter 2
Education *About* Technology 28
Michael R. Kozak & Janet Robb

Section II:
Key Perspectives on Technological Literacy 51
This section's primary intent is to bring "outside" perspectives to the field. The objective is to enrich the scope and perspectives of our view of the key outcome of our profession's practice — namely technological literacy.

Chapter 3
International Perspectives on Technological Literacy ... 54
Jule D. Scarborough

Chapter 4
Economic Perspectives on Technological Literacy 80
David W. Stevens

Chapter 5
Labor, Private Sector, and Governmental Perspectives on Technological Literacy 94
James L. Barnes & Thomas L. Erekson

Chapter 6
Educational Perspectives on Technological Literacy ... 119
M. James Bensen

Chapter 7
Technological Literacy Synthesized 138
Michael J. Dyrenfurth

Section III:
Technological Literacy: Implications for Practice 184
This section focuses on the implications, of the perspectives on technological literacy and its models, for the practice of the profession, i.e., where practitioners encounter students. The section ends with a chapter that raises questions and offers guidelines for technological literacy implementation challenges by the year 2030 AD.

Chapter 8
Implementation of School-Based Technology Education Programs 187
Robert Daiber, Les Litherland & Terry Thode

Chapter 9
Support Activities for Implementing Technology Education Programs 212
Roger Stacy & Harry Tobin

Chapter 10
The Challenge for Technology Teacher Education Programs 239
Larry Hatch & Ronald Jones

Chapter 11
Technological Literacy: The Evolving Paradigm 251
Paul W. DeVore
